

## COMMUNITY CASCADE INTO ITS THIRD YEAR

In the first two years the Community Cascade project a variety of training sessions and events were run across West Yorkshire in funding, marketing, environment and cohesion. The project in Calderdale saw us working with our partners – BEAT, COEMO, Fit4Funding and Voluntary Action Kirklees. Groups in Calderdale have benefitted from **free** training sessions which were as varied as ‘Marketing on a Shoestring’, E-Learning (funding), Energy saving advice and Equality Law update. We have ran joint events in community centres, giving groups the opportunity to see how other community centres have developed and enhanced their centres

We are now coming into our 3<sup>rd</sup> year of the project and again will be providing a variety of training, workshops and events. Please see below the calendar of events we will be running:
