

Are you from a Community Centre or Network? Read more ...

Community Cascade provides support to community anchors in West Yorkshire, these include community buildings, faith centres and community networks. The project will provide support on environmental sustainability, funding, community cohesion and marketing.

Environmental sustainability

Would you like to save money and help the environment?

Bradford Environmental Action Trust (BEAT) is providing a package of support to community buildings, to help them save energy and water. This includes training, audits and resources to identify and achieve savings.

Funding

Do you want to know more about your funding options?

fit4funding is delivering a range of training sessions and workshops around income generation and sustainability. The training sessions will cover topics such as grants, loans, social enterprise and commissioning.

Community Cohesion

Would you like to work in partnership?

The Consortia of Ethnic Minority Organisations (COEMO) works with faith and BME communities to promote good community relations. Through specialist events, workshops and partnership working they will help bring diverse communities together. They will share best practice, value cultural diversity and promote participation and inclusive communities.

Marketing

Improving your communications

From mission statements to leaflets to websites, posters, photos and funding applications, we're all making decisions about how we tell the world who we are, what we do and why they should care.

Our training courses and advice sessions will help you to improve your communications. They are practical and we promise to start from where you're at!

Courses include:

- Working with your local paper
- Taking better photos
- Pinning down your key messages
- A website in a day.

Community Cascade provides support to community anchors in West Yorkshire. For local information for your group please contact your local District Co-ordinator:
