

The Consortia of Ethnic Minority Organisations is now providing

COMMUNITY COHESION SUPPORT ACROSS WEST YORKSHIRE

- Are you a community anchor, network, or faith group working in West Yorkshire?
- Do you want free support around developing more inclusive projects?

COEMO, as part of the Community Cascade Programme, is supporting faith-based networks and community anchors (Churches, Mosques, Synagogues, Community Centres and networks) to increase Community Cohesion amongst their communities.

Some key areas of support and development include:

- Identifying hard-to-reach communities to access your services
- Looking at ways of engaging with the wider community
- Developing partnership working with your local organisations
- Tackling issues around equal opportunities, good practice, and developing new inclusive projects
- Supporting groups to include cohesion issues in funding applications
- and many other areas to meet your specific needs

If you require any further information or would like support in developing your network or community anchor then please get in touch now.
